After high school, I attended UNL for 2 years taking Ag classes. Returned to Lexington to our family farm, Anderson Feedlot, Inc. During the winter and off-season, I do computer consulting in the area, including hardware set up and repair and software instruction. Married to Corrine (Brandenberg) since February 1986 and have a daughter, Lindsey who will be 5 in July '97. I enjoy family activities with Corky and Lindsey and golfing when time and weather permit.

After graduating from UNL, I took a position with a construction management firm in Lincoln. In 1985, the company and I moved to Sacramento, CA. I was the DBS for 10 years and served as Vice President/General Manager. In 1993, I started Anthony Construction Management. We specialize in church construction management and builders control for Christian lending institutions. Currently, our projects are in the western states.

I married Jo Gusman in 1989. Jo has an educational consulting business, New Horizons In Education, where she is a presenter of seminars for teachers and administrators throughout North and South America. She also teaches classes at California State University, Sacramento.

We enjoy travel, cooking/dining, antiques, high-end audio, learning/taking classes, and church and community activities.

For the past 12 years I've been married to Lexington native, Joni Trautman, who has a custom drapery business. Joni's father owned Trautman's Meat Center which explains why I look "better fed" than my high school days. We have one child (but she seems like more). Tyanne is a very bright 8-year old. Her mom and I both wonder how that happened?!

I'm the Operations Manager at KRVN radio. It's hard to explain what an Operations Manager does, so don't ask me. If you should happen to win a seat on the KRVN Board of Directors, then you can ask me about my position and I'll spend considerable time justifying it.

Our family is very active in way too many community groups, boards and organizations. Joni was co-chair of an effort to pass much needed school bonds. She had over a hundred volunteers and excessive media exposure. I was co-chair of subsequent, and much less dramatic campaign. Oh, and did I mention? My bond issue passed!

Most recently, I assisted the Lexington Foundation in raising over a million dollars for enhancements to the Middle School Auditorium and new Family Aquatic Park. The "Seats and Bricks" committee, AKA "Think or Swim" committee, sold seats at the Auditorium and bricks at the Aquatic Park. If you have an extra \$100, see me and I'll immortalize you on a nice brick.

Married in December 1980 to Jackie Franzen of Gothenburg, we have 3 children, Andrew 14, Sean 12, Stephanie 6. Graduated Kearney State College, B.S. 1981, Wayne State College, M.B.A. 1995. I have been working in the banking business since graduating from KSC. I am currently a Sr. Vice President at the First National Bank, West Point, NE. Jackie and I keep very busy running to the kids' ball games which we really enjoy. We also enjoy playing golf at every opportunity. I still officiate high school football and I was fortunate enough to be selected to work the Class B Final last fall at Memorial Stadium in Lincoln. Jackie and I are active in West Point being members of several civic and church boards, including Jaycees, Trinity Church, West Point Foundation, City Park Board and Indian Trails Country Club Board. I am also on the Nebraska Bankers Association AIB State Committee.

I graduated from Metropolitan Tech. of Omaha in '81 with an associate degree in Architecture. Met my wife Heidi in '81 and we married in '85. We have one child, Joshua born in Jan. '87. We moved to an acreage in the Wahoo, Nebraska area in '89. I work at Burkley Envelope in Wahoo and Heidi is with World Com in Omaha. I have been archery hunting and shooting so extensively the past nine years that Heidi has taken up the sport this past September, and Josh has been shooting for the past two years. In the summer you can find us on some weekends at Johnson Lake in the Malzahn Cabin. The "double sevens" are always around in Wahoo. We live one and a half miles east of Highway 77 and our mailbox number is 177!

After graduating from LHS I spent the next four years studying at Nebraska Wesleyan in Lincoln, graduating in 1981 with a major in biology. The next six years were spent at the University of Nebraska Medical Center where I graduated in 1987 with my M.D. and a Ph.D. in Physiology.

From Omaha I moved to Columbia, Missouri where I subjected myself to six years of neurosurgical residency training. It was here that I met my wife, Cara, who put up with my unpredictable schedule during residency and we were married in June 1993.

After marriage we moved to Omaha where I am presently an Assistant Professor of Neurosurgery and Physiology at the University of Nebraska Medical Center. We moved to Bellevue in 1993 to get away from the city of Omaha. We have one puppy, a black Labrador mix, named Tully. Cara and I are expecting our first child in August. Looking forward to seeing old friends at the reunion!

Married Scott on Feb. 15, 1986 and on July 6, 1992, our daughter Lindsey Kate Anderson was born. I work at KRVN doing desktop publishing/web page design and do some free-lance desktop publishing also (check out the KRVN Home Page at www.krvn.com). In my spare time I love to make quilts. I plan to give golfing another try since Scott surprised me with a new set of Ladies clubs in April! (It's amazing what a difference the right size clubs make!) Any suggestions from other lady golfers in our class would be appreciated! I co-teach Sunday School (4-5 year olds) at our church, First Christian and am a member of local and state quilt guilds. Highlights in my life: Marriage to Scott and birth of our daughter. Low point: Losing my mother in July of 1995.

I am married to Scott Bennett and we have two children, Amanda (14) and Jacob (9). You may recall that Jake was "with me" at the ten year reunion!!! Scott and I own Platte Valley Exterminating, Inc. and I am also employed by the Supreme Court at Dawson County Court. I share an office with Dianna (Debban) Wheeler. Recently I started a new company, Candle Creek. For recreation I love snow skiing! We take a couple trips a year to the slopes, one with the kids and one with friends. I also enjoy traveling whenever possible. We recently took a trip to Hawaii which was great! We do a lot of camping and road trips in the "Titanic" our motor home.

Weightlifting is my passion but I also enjoy all kinds of exercise and outdoor activities. Life is good - looking forward to the 30 year reunion!!!

I have been married almost 18 years. Two Children: Chris 16 years, Stephanie 13 years. Thoroughly enjoy my children and Tim and I are keeping busy by remodeling the house. I also enjoy exercising and hanging out with Tammy Clark Bennett; obviously I hang out and watch her exercise!!

Ella Mae (DeFillips) Sculley
1702 East 13th
Lexington, NE 68850
308-324-3193

We have been married for 15 years and now have three children: Joseph will be 13 in November, Sarah will be 10 in August and Megan is 3 1/2. As with all of you who have kids--they are actively involved in EVERYTHING from ALL sports--Football, basketball, baseball, fast pitch softball, and soccer. As well as Brownies, tap and jazz lessons. There are times that it seems that we are "chauffeurs".

We are still involved with agriculture in the area, mainly focusing on alfalfa as well as keeping semi trucks busy throughout the year with both grain trailers and flatbed trailers. Ella Mae is still with Holiday Travel and Cruises, Inc.

Our family enjoys stock car racing--especially Late Model dirt track racing. In the past 5 years, Mike has done a great job steering his Late Model Car #24 to many victories and the entire family helping on the crew. Traveling and attending NASCAR events are a family favorite, and we go as often as possible.

In 1982 I graduated with honors from the University of Nebraska-Lincoln with a Bachelors Degree in Business Administration with an emphasis in Human Resources Management. After graduating from college I worked at Bryan Memorial Hospital for 5 years as an Employment Coordinator, for 5 years at Mutual of Omaha as an Employment Specialist and have spent the last 3 years at Metromail, Corporation as a Human Resources Supervisor. In 1993, I achieved certification as a Professional in Human Resource Management.

Life outside of work has also been very eventful. In 1989, I married Brad Lien (originally from Holdrege, Nebraska) who is a very loving, caring and supportive husband and is also a "Computer Guru". Three years ago, Brad and I had a house built and we have really enjoyed decorating our new home as well as working on our new yard (you know landscaping and all that good stuff.)

Brad and I enjoy a number of hobbies together. One of them is camping and boating. Last year Brad and I bought a motor home (I really hated to see that tent go) and since then we have really enjoyed traveling in our Recreational Vehicle. So far, we have traveled to Billings, Montana and also Corpus Christi, Texas as well as doing a lot of weekend excursions to various different camping areas which are a little closer.

In addition to camping, I enjoy biking, boating, reading, walking and from time to time, being a couch potato (bring on those videos). I also enjoy computer games, gardening, shopping and watching sports (Go Huskers!)

I attended Kearney State College and graduated in May of 1982 with a B.S. degree in Computer Science. After graduation from college, I worked at the Brass Buckle for two years and then worked in Lindsey, Nebraska and Eugene, Oregon. In 1986 I returned to Kearney and have been working at The Buckle since then. My position is Manager of Information Systems. I married Anna Harmon on August 20, 1994. We have one daughter, Rachel, who is 19 months old (born July 20, 1995) and we will be having our second child in July, 1997. I enjoy reading, hunting and fishing. I became a Christian in 1986 and am attending the First Church of God in Kearney.

Janice (Frerichs) Cassels
RR 4 Box 94X4
Amarillo, TX 79119

(Janice is in the process of moving, any correspondence can be made through her parents at 1008 N. Ontario, Lexington, NE 68850.)

Married with 2 children, then divorced. Remarried, had another child and moved to Texas (Amarillo area). Once again on the move to Oklahoma. My present husband, Kevin Cassels and his father own and operate a Custom Pipe Fencing Company. I stay at home with our youngest daughter and manage my in-law's horse barn, where we board, sell, trade and buy. My in-laws participate heavily in the Cutting Competitions.

My oldest daughter, Ivie Robinson, is now an 8th grader. She loves track, volleyball, choir and tennis. She loves tennis the most. My son John Robinson is a 6th grader. His love is horses. He also competes in Loral Cuttings and has placed 1st & 2nd in his class. Kaele Cassels, our youngest is an angel. She is only 4 and knows more about horses than most people. Her favorite way to spend time is on the back of a horse or her donkey, Franny, which she broke and is now training.

We are once again on the move. We will be relocating both businesses to the Merrieta, Oklahoma area.

Sharon (Hess) Schweer
10115 Holly Drive Apt. N-304
Everette, WA 98204
206-353-2806

After graduation I attended KSC where I met my husband, Jeff Schweer. We were married in 1980. We lived in Kearney for a while, then Kansas City, and then Lincoln where I graduated from Southeast Community College in 1983 in the Medical Secretary program. We had our first daughter, Stefanie, in August of 1983. Later that year I began working as a Medical Transcriptionist for Saint Elizabeth Community Health Center. We had our second daughter, Julia, in December of 1985.

In 1986 Jeff joined the Navy. Our first move was to Great Lakes, IL, for his schooling as an Electronics Technician. Then we moved to Virginia Beach, VA. He was stationed on a ship in Norfolk, VA, for four years, and I continued working as a Medical Transcriptionist. Then we moved back to Great Lakes, IL, for three years, and in 1994 we moved to Everette, WA.

Jeff left the Navy in November of 1996, and we decided to settle here in beautiful Washington State. He is now working as a service technician for a medical electronics company, and we are happy to have him home every night and weekend.

I have been home full time for the past seven years now; and we are in our fifth year of home schooling our daughters, which is very rewarding for all of us. My other interests are sewing, knitting, cross stitch, church, reading, attending our local symphony concerts, and gazing at the Cascade Mountains from our living room windows.

Work: 719-577-5306

Hello everyone!

I graduated from UNL with a BA in Business Administration and I moved to Colorado Springs in 1984. Most of those years I have worked as a banker with Norwest. I have never married and I live alone with Tommy, my Boston Terrier. The past twenty years have had their ups and downs, but the last few years have been the best. I have a good life with a large group of close friends, a comfortable home, and as interesting job. I do some biking, weight training, and cross country skiing, but my favorite hobbies are power napping and dining out. I traveled to the Orient last year and I am looking forward to South America next year. This year, of course, is the big trip to Nebraska to see all of you. If you are not going to be there, write me or give me a call. I would like to hear from you.

Has it really been 20 years?!?

Graduated from UNL-1981 (B.S. Biology & Economics) Moved to California, managed a clothing store, then returned to school, while working for a Genetics Company. Graduated from UC Davis-1985 (MBA-Science/Technology/Management) Worked at Sandia National Labs for 11 years as a contract negotiator and Human Resource Specialist. Ten years ago I married my husband, Wally. We have two very active children, Whitney age 8 and Tyler age 5. Since retiring last year, I am trying to hold down the full-time job of wife and mother (along with kids taxi, girl scout leader, school and church volunteer). I am much busier now than when someone paid me to work!

My interests include gardening, computers, wine tasting, and gourmet cooking! I am looking forward to seeing everyone and renewing friendships!!!

I was a member of the class of '77 only for a short time. My family moved to Lexington during our 7th grade year. My father held the position of Christian Education Director at the Presbyterian Church. During our stay in Lex, one fun memory I recall was a Marathon Volleyball game between the Presbyterian and Methodist Churches. We set a record for the longest game played, which appeared in the Guinness Book of World Records! Maybe some of you remember playing that summer. At the end of our 9th grade year, my family moved to Aurora, NE, where my father was hired as Dir. of the Nebr. Youth Leadership Development Center, which is now known as The Leadership Center (TLC). If any of you came to FFA Leadership Camp during high school, or have since come to Aurora to TLC, my parents are still working and residing there.

I completed my high school education in Aurora, and then attended UNL and graduated in 1981 with a degree in Elementary Ed. with a minor in Music. I have never taught full time, but both degrees have been very useful to me.

On June 14, 1980, I married Steve Pawley from Imperial. We met at UNL, and resided in Lincoln until the fall of 1983 when we moved to Aurora. We have been blessed with four wonderful children, Nathan age 14, Matthew age 12, Timothy age 8 and Elizabeth age 13 months. For the last 13 years, I have worked as a substitute teacher, which has kept me in contact with the school and the students. This has been ideal for me as I have an option to say yes or no to teaching on certain days. This allows me to be in control of my schedule, and be home with my children when I need to.

In 1990, I more or less fell into a great hobby. I've always enjoyed working with my hands and doing crafts, and while sewing one day, I made a model of the real project out of a pair of old jeans. To make a long story short, that model turned into many other projects, and I have since given workshops on recycling old blue jeans at State Extension Club Conventions, at Husker Harvest Days and have traveled the state sharing these projects with several different groups and clubs. Whoever would have dreamed that recycling old blue jeans would have created such a fun hobby and great adventure for me!

Afer graduating, I attended KSC and graduated with a degree in Elementary/Early Childhood Ed. I taught Preschool in Kearney. In 1984 I married Rodney Hagemeister. In '86 we moved to Brady. I taught Kindergarten at Maxwell for 7 years. In Dec. 1990 we were blessed with the adoption of 7 month old Megan May. Then again in July of 1993, we were blessed with the adoption of one week old Jacob Lee. Now 6 and 3 they are our pride and joy!

In Aug. 1995, I decided to accept the teacher position at Head Start in Gothenburg. A few months later Rodney went to work as a technician for Husker Ag Sales in Lex. We decided to move closer to Rodney's work and finally this past Dec. we moved to Overton. I was able to transfer to Lexington Head Start, and am currently the afternoon teacher there.

Sure seems like another 10 years has flown by! I've been divorced from Jim for about six years now. Since then I have been sharing my life with a wonderful person named Rick Altwine. I still live in Elm Creek and have three children: Katie, Tessa and Tyson. Katie graduated in May of this year. Tessa is thirteen and Tyson is twelve. I work for Grain Systems out of Elm Creek. Travel during the week, home on weekends. We put up bins, bucket elevators and etc. Worked at Caldwell's prior to Grain Systems for 10 1/2 years, loading and unloading trucks -- needed a change.
Looking forward to seeing all the clan!

After accomplishing all the things I dreamed of in high school - world travel, fame, fortune (yeah, right!) - I opted for the average, happy existence in middle-class, middle-America: same job for 10 years (marketing director for a test publisher), same husband for 9 years (Kevin, the carpenter), same house for 8 years (in a village of 900), same car for 6 years (white-bread mommy car)...Two kids (Andy, 6 and Samantha, 2), two dogs, too much to do, too little time to enjoy it all. And, besides all that, I'm pretty sure I'm TOO YOUNG to be attending a 20-year class reunion!

Michael Peck

After graduation from good ol' LHS, I decided to continue my formal education and proceeded to next level - COLLEGE. It was sure tough cramming 4 years of college into 5 1/2 years of my life but I did succeed. My motto was: College is great---School sucks! Anyway - to the delight of my parents - I completed my formal education and graduated from college with a B.S. in Business Administration and Marketing. I was now ready to enter another phase of my life: WORKING FOR A LIVING. (Yuck!)

I had to begin supporting myself and that was a shock to my lifestyle and also the old billfold. It was at this point in my life that I really wished I had been born rich instead of so damn good looking! (HA-HA) The first real job I had after receiving this expensive piece of paper (a/k/a diploma) was selling dental supplies throughout Nebraska, Kansas and Oklahoma. I decided that "hawking toothbrushes & flouride gel" for a living was not the career for me. So, I launched myself in a different direction - working in the finance industry. After comfortably settling into this career I began yet another phase of my life: MARRIAGE & FAMILY.

After some thirty years of being single I took the plunge. In April of 1990, I married Danette Cerny. Danette is from Columbus, NE and her brother Dean is married to my sister Traci. (This may seem confusing but I assure you it is legal!) A few months later Danette and I decided that we had mastered the "marriage thing" and the next logical step was: Parenthood. So in order to practice and perfect our parenting skills we got a dog. Mack is a 110 lb. Yellow Lab that still demands as much (if not more) attention than any of our kids ever have.

Well, since we had attempted to perfect our parenting skills with a dog and feeling that child rearing can't be anymore difficult or frustrating than dog training we started our family. Our family presently consists of Mack (dog); Daniel (age 5) and Matthew (age 2 1/2) and my wife tells me vehemently that this is the extent of the Peck family: No more dogs or children! Daniel is the spittin' image of me when I was 5 years old and acts a lot like me too! (At least that's what my mother tells me.) Matthew definitely has the Cerny traits and characteristics and is becoming quite an artist. He can paint a living room wall with a green magic marker as well as Picasso or Rembrandt! (Just ask his mother!) Twenty years ago if I said this you'd have thought I was nuts but...I wouldn't trade these days for anything in the world!

Well, now that I have completed the ritual of marriage and passing on the Peck name I am starting the next phase of my life: FINDING HOBBIES TO TRY TO KEEP A PERSON FEELING YOUNG WHILE GETTING FAT, OLD & GRAY: I still enjoy golfing, fishing, and hunting whenever I get the opportunity but I have gained a few pounds the last few years, have grown a few more gray hairs, and I am not getting any younger so lets face the facts - I have started this phase of my life without any effort at all!! At times it seems that the boys never get tired of keeping Danette and myself on the run so it is no wonder that I am experiencing this phase sooner than I expected. In all honesty it is just knowing that the Peck gene pool is present in the little guys and that my mother's wish will eventually come true: "SOMEDAY I HOPE YOU'LL HAVE KIDS THAT ACT JUST LIKE YOU!" (Oh well - I guess you gotta pay your dues at one time or another.) I have no idea what the next phase of my life will entail but I'm sure it will be anything but boring. I promise to update everybody in another ten years so in the meantime take care and best wishes! P.S. Next time you're in K.C. - give me a call!

Well it's been 20 Years!!!! Can't believe time has gone by Soooo Fast! This is just a quick note to SAY HI! and to let you know I'm knocking on 40's door!!! Save a picture from the reunion for me. I would like to go, but the National Guard has other plans as we are training up to go to Bosnia within the next 9 months.

For some quick essentials: I've never married and have no kids. I have 13 years active duty and five years with the Iowa National Guard and I have an AAS in Industrial Technologies. I work for Rockwell International in Coralville, Iowa. Drop a line if you get some time. Would like to go back to Lex. but don't know if I can deal with the changes.

Hi Guys! Sorry I can't make it to the reunion!

I got married to a wonderful man on August 18, 1989. His name is Paul. I worked for Denver Public Schools for 2 years, then along came our first blessing, Jacob, on 4-26-91. So I quit my job to stay home and take care of our baby. Paul got a job in Brighton, Colorado with Adams County Detention Facility and so we moved and bought a house and love living in a small community again. Our second blessing came in December of 1992. Her name is Elizabeth. So for the past 6 years, I have been taking care of my family. That's been my life since the 10 year reunion, not too exciting but awfully good. Oh yeah, I do like to go to bingo, boy, does that show I'm getting old or what!?!

We have been married for 15 years and now have three children: Joseph will be 13 in November, Sarah will be 10 in August and Megan is 3 1/2. As with all of you who have kids--they are actively involved in EVERYTHING from ALL sports--Football, basketball, baseball, fast pitch softball, and soccer. As well as Brownies, tap and jazz lessons. There are times that it seems that we are "chauffeurs".

We are still involved with agriculture in the area, mainly focusing on Alfalfa as well as keeping semi trucks busy throughout the year with both grain trailers and flatbed trailers. Ella Mae is still with Holiday Travel and Cruises, Inc.

Our family enjoys stock car racing--especially Late Model dirt track racing. In the past 5 years, Mike has done a great job steering his Late Model Car #24 to many victories and the entire family helping on the crew. Traveling and attending NASCAR events are a family favorite, and we go as often as possible.

We now have six children and five grand kids. We spent five years doing foster care and have two adult children who still think of us as Ma & Pa. This goes with our other five who still live at home. Ann is 26 and lives in Portland with her husband and four kids and Esmarelda is 20 and lives in Fort Collins with her husband and 2 kids. Daniel is 13, Alyssa is 10, Mary Beth is 10, and Becki Jo (Doc as she calls herself) is 8. We spend most of our time running to baseball, soccer, horseback riding lessons, one is in a theater group, piano lessons, youth group, etc.

We sold off the major part of our business five years ago and now run an appliance repair service out of our house. I like working close to the kids and business has been good. After we sold the store, we started a school for kids who had, for one reason or another, got behind in their studies. Until this year we had forty students. I was the administrator and president of the board of directors, while Jo over saw the daily operations. We lost our building at the end of last year, so now we are a cover school for home schoolers. We take care of 75 or so kids and work with their parents to help them get back of track.

I still play as much softball as possible and go fishing as often as Daniel has the time. We are active at our church and I teach adult Sunday School and a weekly Bible Study. We also work very closely with Colorado Christian Service Camp in Como, Colorado. I serve as a trustee on the Board of Directors and we help a lot with different camps and general maintenance projects. It's at 10,500 feet on the upper plains and is unbelievably beautiful. Other than this, life's pretty much normal.

We are looking forward to seeing you and thanks for all your efforts in bringing this together.

Twenty Years! My how time flies! After graduation, I attended KSC where I graduated with a double endorsement in Elementary and Early Childhood Education. I moved back to Lex. and couldn't find a teaching job, so I went to work at Barmore Drug for 6 1/2 years. I married Ron Schultz class of '80 in 1984. I presently work at Farmers State Bank where I am the drive-in bank branch teller supervisor. I've been at FSB a little over 9 years.

After many years of trying to have a family, with the help of fertility drugs, Ron & I became pregnant with twins in 1995. Six weeks before my due date, I had an emergency C-section. Our little boy was stillborn, but we have a beautiful little girl named Katelin. She is 16 months old and full of energy. But she is the joy of our lives.

For hobbies, I sing in our church choir and play in the church handbell choir. I enjoy walking and spending time with Katelin. I've just accepted a new challenge in my life. Starting this fall, I will be the new director and teacher of the Methodist Church Preschool. I think it will be a lot of fun, and it will give me more free time to spend with Katelin. She's just growing up too fast!

Hi everyone! I'm sorry I won't be able to make it to the reunion. I'll be on my way to Iceland. Still doing the military thing. I'm married, again, for the 3rd time. Yeah, I know, you'd think I'd learn, but the 3rd time is the charm in this case. His name is Chris and he's from New York, but I don't hold that against him. He's a Senior Chief in the Navy, in the engineering field, and been in for 20 years. I'm not active duty anymore but still in the Reserves as a Chief and have 4 years to go before I can retire. Since I got out I've been working for BMW of North America in California as a Parts Coordinator. Now that I'm moving I'll have to job hunt. Aaaaaagh! Still no children, just a big yellow lab. How's that for being brief!

I do remember a few things that I wanted to mention because I've told these stories to friends of mine in the Navy. Just wanted you to know that you're all somewhat famous!

- Roger Glen, Mitch Folkers, & a couple other getting caught by my Dad playing freeze out.
- Teaching Ella Mae how to "hold on to the bumper". She'll know what I mean.
- The hanging cat incident in Mr. Peterson's Zoology class.
- The white lightening & purple passion parties at Sculley's.
- Vickie Eigenberg getting caught driving without a license & getting Erpelding's party raided.
- Karen Young & I stealing Julie Maloley's car during a track meet. She taught me how to inhale. I still smoke Karen!!! I will quit one of these days.
- The night Vickie Eigenberg & I each chugged an entire bottle of Boones Farm in her Dad's garage. I've never been so sick in my life. We really made an impression on Shane Fagot that night!
- The many nights in "Winston" with Pam Naprstek & Pam Gulden. If that car could talk!
- Kim Hennek's slumber party at the canyon. I still have pictures!

Well, that's enough. I could go on forever! Take care!

Work: 1980-83-Operating Room, Bergen Mercy Hospital-Omaha. 1983-85-Operating Room, Baylor Medical Center-Dallas. 1985-86-Operating Room, Plano General Hospital-Plano, TX. 1986-1991-Operating Room, Lincoln General Hospital, Lincoln. 1991-present-Part-time Operating Room-Lincoln General. Also help out in Outpatient Surgery, Business Office, and for awhile Ask-A-Nurse. 1996-present-Managed Care Coordinator (part time) for Blue Cross/Blue Shield Nebraska. Also since 1989 have worked on a contract basis with Adventure Travel here in Lincoln.

I met Ladonna while working at Bergen, but she was making plans to move to Hawaii when we met. I was able to visit her a couple of times in the next few years. In 1983 we were married and moved to Dallas, and experienced the "Big City" life. While we were there my father passed away and our oldest son was born. These two events motivated us to move back to Nebraska to be closer to family. It is hard to believe that we have been back for 11 years, but then I CANNOT believe it has been 20 years since high school. We keep busy with our jobs and our love of travel. Our travels have taken us to England, France, Italy, Monaco and Mexico, and of course many places in the US. Last year we even escorted a group to LA and Disneyland, it was a great experience for all. The boys are into baseball, bowling and swimming. They grow fast and it seems there is a new challenge every day.

MEMORIES:

One of my favorite memories is of Senior Anatomy and Physiology class with Mr. Peterson, that was held in Mr. Martini's chemistry room. The highlight was the breaking of the water faucet and the subsequent flooding of the room.

For all those band members there was the year where "Don't Rain on My Parade" should have been our theme song. Remember the moldy uniforms, after we got home from Canada?

The Science Club Ski Trip to Winter Park, and Jody Robinson stuffing cookies in her mouth.

Junior High dances at the 4-H building.

It's so nice to have this time together, just to laugh a laugh or sing a song. Seems we just get started and before you know it, comes the time we have to say so-long.

I've lived here in Cozad for 22 years now. Bill & I have been together for about 17 years, we bought some property about 1 1/2 miles east of Cozad and have been there since '86. We had a house moved there and have been building on as we go along. We had three children 13, 11 and 10 years of age. Their names are Anina Jo, Luke & Kent. They have their father's name, Bill & I never got married.

I haven't changed much, a little bit heavier and older. Been working as a C.N.A. for two at Southview Manor Care Center. I like to crochet and ride bikes with the kids when I have the time. I also love to go shopping! We garden in the summer and can a lot.

Life has been good so far. Better get going, so drop me a line when you can and tell everyone Hi and ask them to drop me a line when they can. I'll try to send you a photo of me and my family when I can.

Married Ken McMichael in 1989 and now live in Gothenburg. We have 2 children, Emily 7 years old, whose interests are gymnastics and having friends over. Our other daughter is Amanda, 5 years old who is into riding bikes and roller skating. I still work as a Registered Nurse at Cozad Community Hospital. I find it interesting to keep up with all the new technology and the doctors who are younger than me now!

The first 10 years I worked too much and partied too much. Ten years ago I moved to New Jersey and then to New York where I now reside. I received my B.S. in Accounting and for over 6 years have worked as a Quality Assurance Analyst for an insurance company. I have been married for 2 1/2 years to Fred and we have an 18-month old daughter, Morgan. I had every intention of making our 20th Reunion but Heinrich #2 is due June 3rd! Most of my hobbies/interests have been limited lately to child care and building our home.

I'll see everyone at the 25th or 30th!

Update: Madison Lynn Heinrich was born May 17, 1997, weighing in at 8# 12 oz. 19" long!

Since our last reunion 10 years ago, I got a divorce and am still single (very), continued to work for UPS until 1995 after breaking several bones and other numerous injuries. I am currently a student, (again) in the legal field after completing a P.I. degree. My daughter Elizabeth will be a H.S. graduate this year (YIKES) and my son Ryan is 11 going on 21! Great kids in spite of me being the single parent. I'm told my soul-mate is out there somewhere, personally I think he died at birth!!

Reminiscing With Mike Peck:

Boy, twenty years have passed by quicker than I ever thought possible. As I sit here trying to figure out what to write I can still remember many fond memories of our Class of 1977, Lex. High, and day-to-day life growing up in Lexington. HEY!!! I'm reminiscing now so follow along:

1. I can still see Verne Hull telling us about the BIG ONE (that would be World War II, not one of your dates - Jeff Glenn!)
2. Steve Martini hopping around the Science lab in his pink tutu doing his neutron dance. (I think Al Dicke enjoyed that lecture way too much and still wishes he could wear that tutu himself.)
3. I can recall Tim Davis and his humorous Anthropology lectures. (Hopefully he is still searching for the "missing link" although I think I have found a few people that reside here in Missouri that could definitely fill that role.)
4. I can still feel a sharp pain for Bruce Bricker jabbing me in the butt with a pin during Mrs. Kline's English Class.
5. Doug Holtmeier knocking the spout off the water faucet in Jon Peterson's science class and water spraying everywhere. (Unfortunately, Jon Peterson had booted me out of class that day and I didn't witness the initial burst but made it back to class in time to see the "Holtmeier Fountain" display.)
6. 1977 Boys District Basketball Tournament. (Holtmeier decided to lay some whoop-ass on Imperial in the 4th quarter!)
7. 1977 Boys State Basketball Tournament. (The Lex game was lame but the tourney was a blast! Coach Cliff not only choked on his oranges this time.)
8. 1977 Girls State Basketball Tournament. (Coach Carp and the girls were awesome and so was the tourney!)
9. 1977 State Wrestling Tournament. (Coach Higgins and his boys kicked butt.)
10. John Higgins - what a GREAT guy! (Enough said.)
11. Dick Hollinger and track practice. (Wish I had a nickel for every lap he made me run around that stupid track - I wouldn't be working now!)
12. Don Bader and track practice. (Refer to #11.)
13. Shane Sage and that sh-t eatin' grin he always displayed.
14. Tim Soundy whispering something to Shane Sage to give him a reason to display his grin.
15. Jeff Glenn and myself drinking a beer or two in his Satellite Sebring. (Hitting a pole at Horseshoe Bend because of "icy" road conditions.
16. Kay Hasty and her "Rambler". (Wonder if she still drives that rig?)
17. Steve "Hooter" Blocher and his pink *Cortini*. (Hooter - that car was a real chick magnet. NOT!)
18. Bob Jones. (Where are you now?)
19. Duck hunting at Scott "Bones" Anderson's farm. (Still the best duck hunting around.)
20. Mark "Hoggy" Neil, Mitch Folkers and yours truly throwing eggs, water balloons and whatever else we could lay our hands on at Al Dicke's Chevy Camaro. (If we could only catch it!)
21. Sculley's parties at Johnson Lake. (Always a good time!)
